Belconnen High School caters for students from Years 7 to 10. We are a school that is proudly connected to the local community. We value our close links to our local primary schools and Hawker College.

Belconnen High School strives to cater for all of our students with a traditional comprehensive curriculum and successful enrichment and learning support programs. Our respectful learning environment means our staff and students work effectively together. Most importantly our students are proud of their school and want to learn. High value is placed by students on our uniform as well as the standard of work produced and displayed. Our dedicated staff maintain high expectations of student learning. Programs are tailored to meet student needs where teachers challenge students to achieve their best. Each year all students have the opportunity to participate in school camps to develop friendships, leadership, resilience and independence. Camps are held in bush and beach environments.

Canberra High School is an ACT Government high school situated in the Belconnen suburb of Macquarie. We cater for students from Year 7 to 10.

Our aim is to help all students achieve their potential, building on their abilities and interests while celebrating their cultural backgrounds. We provide a traditional secondary school structure underpinned by specialist teachers. The modern curriculum we provide has opportunities for extension and extracurricular activities. We have been serving the ACT community since 1938 and have a long tradition of excellence. Our students can enrich themselves in academic, creative, sporting and leadership areas. The values that guide our school are community, attitude, respect, excellence and safety.

| Gender: | Co-ed |
| Dress: | Uniform |

Caroline Chisholm School caters for students from preschool to Year 10. The school is named after Caroline Chisholm, an early settler in Australia renowned as a philanthropist who strove to support and open opportunities for young Australians.

The spirit of the school is to continue to work towards this goal. Together we ensure our students have a strong sense of belonging to the school community and an appreciation and realisation of their capabilities and potential. High expectations are articulated through our rigorous curriculum and co-curricular program allowing students to explore and develop their strengths and talents. Our school values underpin our expectations and it is through these values we aim to develop students with a strong sense of purpose, integrity and responsibility to others and self. Students leave Caroline Chisholm School ready and willing to embrace the next stage of their future and with a well developed sense of community.

Dickson College is a thriving and vibrant college in Canberra's inner north.

With a whole college approach to wellbeing, the staff and students develop respectful relationships and work together to achieve the best possible academic outcomes for students. Dickson College has a strong sense of community, working with homestay families and the broader community to provide opportunities for all international students. The learning environment is interactive and holistic at Dickson College and this approach supports students as they prepare for university and life beyond college. Students have the opportunity to study a wide range of subject areas at high levels and with opportunities for extension. Dickson College has two designated international student coordinators available for pastoral care and academic support that guide students in their choice of suitable subjects and courses to access tertiary entrance.

Erindale College

| | |
|------------------------------------------|------------------------------------------------------------------------|
| Year level: | Year 11 – Year 12 |
| Address: | McBryde Crescent Wanniasa ACT 2603 |
| Web: | www.erindalec.act.edu.au |
| Number of Students: | 530 students |
| Number of International Students: | 2%-5% of total school population |
| Gender: | Co-ed |
| Dress: | Non-uniform |

Senior Secondary Education
Year 11 – Year 12

The Erindale experience for students is one of quality programs developed and improved over time by an excellent professional staff to meet and challenge each individual learner.

Erindale College is unique in the ACT as it is part of the larger Erindale Education and Recreation Complex. This gives students access to a modern, 443 seat theatre in which high quality productions are presented both by the college and the community. The Erindale Library, with its very extensive collection, is open during the day and evening all year round. The facilities in the Active Leisure Centre, available for student use, include a 25 metre swimming pool and fully equipped gym. The entire complex provides an environment in which students can work to achieve their academic goals and at the same time avail themselves of opportunities to ensure a well rounded college life. Erindale makes the difference for each student.

Gold Creek School is a preschool to Year 10 school comprising two preschools, a primary site for students from kindergarten to Year 5, a middle school for students in Years 6 to 8 and a high school for Years 9 and 10.

School values – respect, responsibility, honesty, safety and excellence – were determined by staff, parents and students. Students in middle and high school years study the core subjects of English, mathematics, science and studies of society and environment (SOSE), physical education and some elective subjects. Extracurricular activities include school band and instrumental tuition, vocal groups, dance, debating, drama group and a range of sporting teams. The school has four houses and students compete in house groups at swimming, athletics and cross country carnivals and in non sporting activities and games at the House Cup.

COLLEGE
connect learn achieve

Gungahlin College is situated in the fastest growing regional area of Canberra. It is a new school which opened in 2011 and is in close vicinity to the Gungahlin Public Library and to public transport hubs.

The college offers a broad and diverse curriculum, allowing students to study a program tailored to meet each student's individual needs. A rigorous academic curriculum is offered to meet the needs of students seeking to excel at the highest level. Our courses include all traditional academic programs, ESL as well as specialist language programs. Students at Gungahlin College have the opportunity to commence university undergraduate courses through the Australian National University Secondary College as part of their Year 11 and 12 program. Our highly skilled staff are experts in their fields with high expectations of student performance, attendance and behaviour. We ensure that during these two years of senior secondary education, all students reach their full potential.

Harrison School

| | |
|------------------------------------------|----------------------------------------------------------------------|
| Year level: | Preschool – Year 10 |
| Address: | 20 Wimmera Street, Harrison ACT 2914 |
| Web: | www.harrison.act.edu.au |
| Number of Students: | 1400 students |
| Number of International Students: | 2%-5% of total school population |
| Gender: | Co-ed |
| Dress: | Uniform |

Welcome to Harrison School. The school opened in 2008. We have grown to be a Preschool to Year 10 School with over 1400 students.

The design of the school aims to provide a contemporary environment that reflects a 21 century learning experience for our students and community.

The school ethos operates with a values and belief system that is reflected in the Code of Practice for the school community. Our key values are Respect, Inclusion, Teamwork, Resilience, Integrity and Endeavour.

The school design provides flexible, modern, high quality and environmentally sustainable educational facilities that support the learning of the surrounding growing community. We have a strong focus on E-learning and use of mobile devices. A blended learning program using an on-line student management system supports student centred approaches and flexible pathways for students.

Our school connects with the local, national and international community. We have a sister school in Nara, Japan and Beijing, China. We have specialists programs in music (band Yr5-10), performing and creative arts, IT and robotics, food technology, languages and horticulture.

Our school vision is: Inspire – Personalise – Learn. Our aim is to develop the whole child in partnership with parents and the community.

Kingsford Smith High School

| | |
|------------------------------------------|------------------------------------------------------------|
| Year level: | Year 7 – Year 10 |
| Address: | 100 Starke Street Holt ACT 2615 |
| Web: | www.kss.act.edu.au |
| Number of Students: | 760 students |
| Number of International Students: | 2%-5% of total school population |
| Gender: | Co-ed |
| Dress: | Uniform |

Kingsford Smith School has been designed to accommodate approximately 1,100 students and up to 110 teaching and administrative staff.

The school accepts students from preschool to Year 5 in the primary school, Years 6 to 8 in the middle school and Years 9 and 10 in the senior school. Our school provides academically challenging and engaging learning for students using the Quality Teaching Framework (QTF) in all aspects of learning practice. We work to develop a passion for the performing arts and utilise ICT as an integral tool in the learning experiences of students. Students are empowered as learners and leaders in our community and develop learning pathways so they can reach their vocational potential. The school HERO values of harmony, excellence, respect and optimism help students to thrive academically, socially and emotionally. A graduate student at Kingsford Smith will be equipped with the knowledge, skills and values to be a contributing member of our society.

|------------------------------------------|---------------------------------------|
| Year level: | Year 11 – Year 12 |
| Address: | Cowlshaw Street Tuggeranong, ACT 2900 |
| Web: | www.Ltc.act.edu.au |
| Number of Students: | 880 students |
| Number of International Students: | 2%-5% of total school population |
| Gender: | Co-ed |
| Dress: | Non-uniform |

Committed to Quality

Opened in 1990, Lake Tuggeranong College is a secondary college for Year 11 and Year 12.

It boasts a fine record of academic, vocational, sporting, cultural and social achievements. Students have the opportunity to take part in a variety of subjects in Tertiary (T) and Non-Tertiary (A) courses as well as Vocational (V) and Registered Units (R). Lake Tuggeranong College is situated 20 km south of Canberra city, the capital of Australia. It overlooks picturesque Lake Tuggeranong and has easy access to the bus interchange and public library.

Lake Tuggeranong College is proud of the multicultural nature of its student population. We advise students from overseas on the best choice of courses and levels for their needs – whether students are planning to study at an Australian University, enter CIT or return home having been enriched with the experience of living in Australia. Students are under the care of the International Student Coordinators and their progress and general well being is monitored by both the school and the International Education Unit of the Department and Training Directorate.

Melba Copland Secondary School is located in Canberra's north western suburbs and provides a safe environment with easy access to public libraries, parklands and universities.

The school is set on two campuses and offers a comprehensive academic program from Year 7 - 12. Strong support is given to students preparing for entry to university through modern science and technology facilities, a Virtual Learning Environment (Junior campus), a wide range of elective subjects and an intensive language program. Teachers at the school are experts in their academic fields and our pastoral care program promotes a culture of mutual respect, building resilience and fostering student wellbeing and success. The International Baccalaureate philosophy underpins the school-wide mission to develop students with the skills to meet global challenges in ethical and sustainable ways.

High School Subjects:

- English as a Second Language • Mathematics • Science • Photography • Computing • Music • Drama • Dance

Mount Stromlo High School is located in central Canberra and is in partnership with the Australian National University Research Centre for Astronomy and Astrophysics. By working with astronomers like Nobel Laureate Professor Brian Schmidt, this school offers a comprehensive, coeducational and inclusive quality education for every student. About 25% of students have an international and multi-faith background. With a fantastic gymnasium, a progressive mobile phone policy and wifi access in all areas of the school, Mount Stromlo is progressive with all students encouraged to bring their own digital devices (BYOD). Mount Stromlo students learn anywhere, anytime. More information is available at <http://www.mountstromlohs.act.edu.au/>

Mount Stromlo High School follows the Australian Curriculum in English, Mathematics, Science and History, and offers a range of elective learning areas such as digital photography, 3D printing, dance, drama, music, nutrition, wood and metal work, music, physical education and health. Mount Stromlo offers English for students whose first language is not English, as well as French, Japanese and Indonesian.

Students are encouraged to develop leadership skills, are extended by Lex@s classes (Learning Extension at Stromlo), and are encouraged to participate in peer support, peer mentoring and student leadership opportunities such as Student Representative Council (SRC). Facilities include a well stocked library, all teachers are equipped with laptop computers and iPads, and popular sports include volleyball, rock climbing, badminton, soccer, netball and outdoor adventures such as camps, white water rafting, skiing and exploring caves. Students frequently engage in excursions in Australia (Central Australia, Tasmania) as well as further away (Japan, France and Indonesia). Mount Stromlo High prepares its students for global citizenship, locally as well as internationally.

Namadgi School is a newly built school having opened in 2011. The school provides a high quality education for students from Preschool to Year 10.

The school has a Performing Arts Centre for drama, music and dance; an Environment Centre and a separate Gymnasium. Namadgi School provides a high quality, innovative and holistic education in a safe and nurturing environment. There is a focus on literacy and numeracy across all learning areas underpinned by a contemporary Information Technology infrastructure. Band tuition is offered for students through the Instrumental Music Program. Individual music lessons are also offered. A healthy and active lifestyle is promoted at Namadgi School through a range of programs. Integration of technology is evident with Interactive Whiteboards in every classroom, laptops and iPads in all learning areas and all students have access to the innovative ICT learning resources that are distributed throughout the school. The school has an excellent PE and Health Program. Every child at Namadgi School is challenged and supported to develop their skills and talents to their full potential, develop a strong sense of belonging and contribute to the building of a safe and welcoming environment for all. Namadgi School values students focussing on learning, having a positive attitude, being respectful, and caring for others. Students of Namadgi School are confident and articulate young people who are able to positively contribute in the wider community and prepared for further studies at College.
